

## MINUTES

### Juneau Blue Zones Project Committee

Monday, April 12, 2021 at 5:30pm

*GoToMeeting*

| Topic                           | Lead                | Discussion   | Actions  |
|---------------------------------|---------------------|--|--|
| Welcome / Introductions         | Trina               | Attendees: Brett Bolman, Dave Gratton; Emily Dieringer, Trina Justman Reichert (BZP Staff)   |  |
| Connect Communities             | Shawn, Brett, Emily | <ul style="list-style-type: none"> <li>Chamber will pay \$200 renewal fee; no need for long/full application this year (per Shawn)</li> <li>Opportunity to have downtown area/businesses and events photographed (supported by WEDC who got a grant for this); can use photos however</li> </ul>   | <p>Shawn will submit application and forward invoice to Chamber</p> <p>Brett will ask Chamber members for ideas to give to photograph; Emily will connect with photographer on dates</p> |
| Healthy Communities Designation | Emily               | Designation expires at end of 2021. Letter of intent (LOI) to reapply is due 4/30/21. After discussion, group felt silver re-designation was appropriate.  | Brett will ask Chamber who should be the contact on the LOI and will let Emily know.   |
| Bike/Ped Counters               | Emily               | Emily shared locations identified at last meeting. Would happen in early summer and at beginning of school year. Suggestion to have a sign placed on/near the counter identifying "Blue Zones Project walking counts in progress" or something similar   | Emily will create sign to be placed along with counters.   |
| Sidewalk café/outdoor dining    | Dave, Shawn, Brett  | Upon further research Juneau's city code already contains language for alcohol being consumed outside with tables/chairs etc. Would just need to add language regarding food. Public Safety committee discussed the idea of having businesses "try it out" for this summer (and forego portions enforcing existing code) and then make any ordinance changes in the winter if needed. Idea would be to have business owners contact public safety (John Schuster? Chief?) with their plans. Group thought having a "how to" flyer for businesses would be helpful. | <p>Dave will follow up with John and Public Safety on direction.</p> <p>Emily/Trina will create flyer to let businesses know of the opportunity.</p>                                     |
| Next Meeting                    | Emily               | Monday, May 10 or June 14, at 5:30pm via GoTo Meeting<br>Shawn will set up virtual meeting information.  | Next Agenda Items:<br>outdoor dining; groups structure/connection  |
